«The family, founded upon marriage freely contracted, one and indissoluble, must be regarded as the natural, primary cell of human society. The interests of the family, therefore, must be taken very specially into consideration in social and economic affairs, as well as in the spheres of faith and morals. For all of these have to do with strengthening the family and assisting it in the fulfilment of its mission»

SUITABLE PARTNER .-

A fundamental issue in our society and in the teachings of the Church are marriage and all that it involves : fidelity , perseverance , separation , divorce , the education of the children , the social testimony and more.

Coming back to the beginning of the beginning we find the first divorce , figuratively saying , of the first couple Adam and Eve ; first he said : " she is bone of my bones and flesh of my flesh " (Genesis 2) , but after the disobedience , Adam said : " the woman who you put here with me , she gave me fruit from the tree , so I ate it " (Genesis 3)for them very soon the division came even though they remained together , but there will be that thorn present in their lives .

If we put together with Matthew 19 , 8 when Jesus said : " because of your hardness of heart , Moses allowed you to divorce your wives , but from the beginning it was not so "it seems that is almost impossible for a couple to stay together , but NO , because we have the most wonderful examples of couples a lifetime together and in good or bad , in health or ill , taking care one to another . We can say that man or that woman really found his/her " suitable partner " .

Mary , Spouse of Joseph, pray for us.

Blessings from Fr. Jaime
